

RFID ATTENDANCE MANAGEMENT SYSTEM

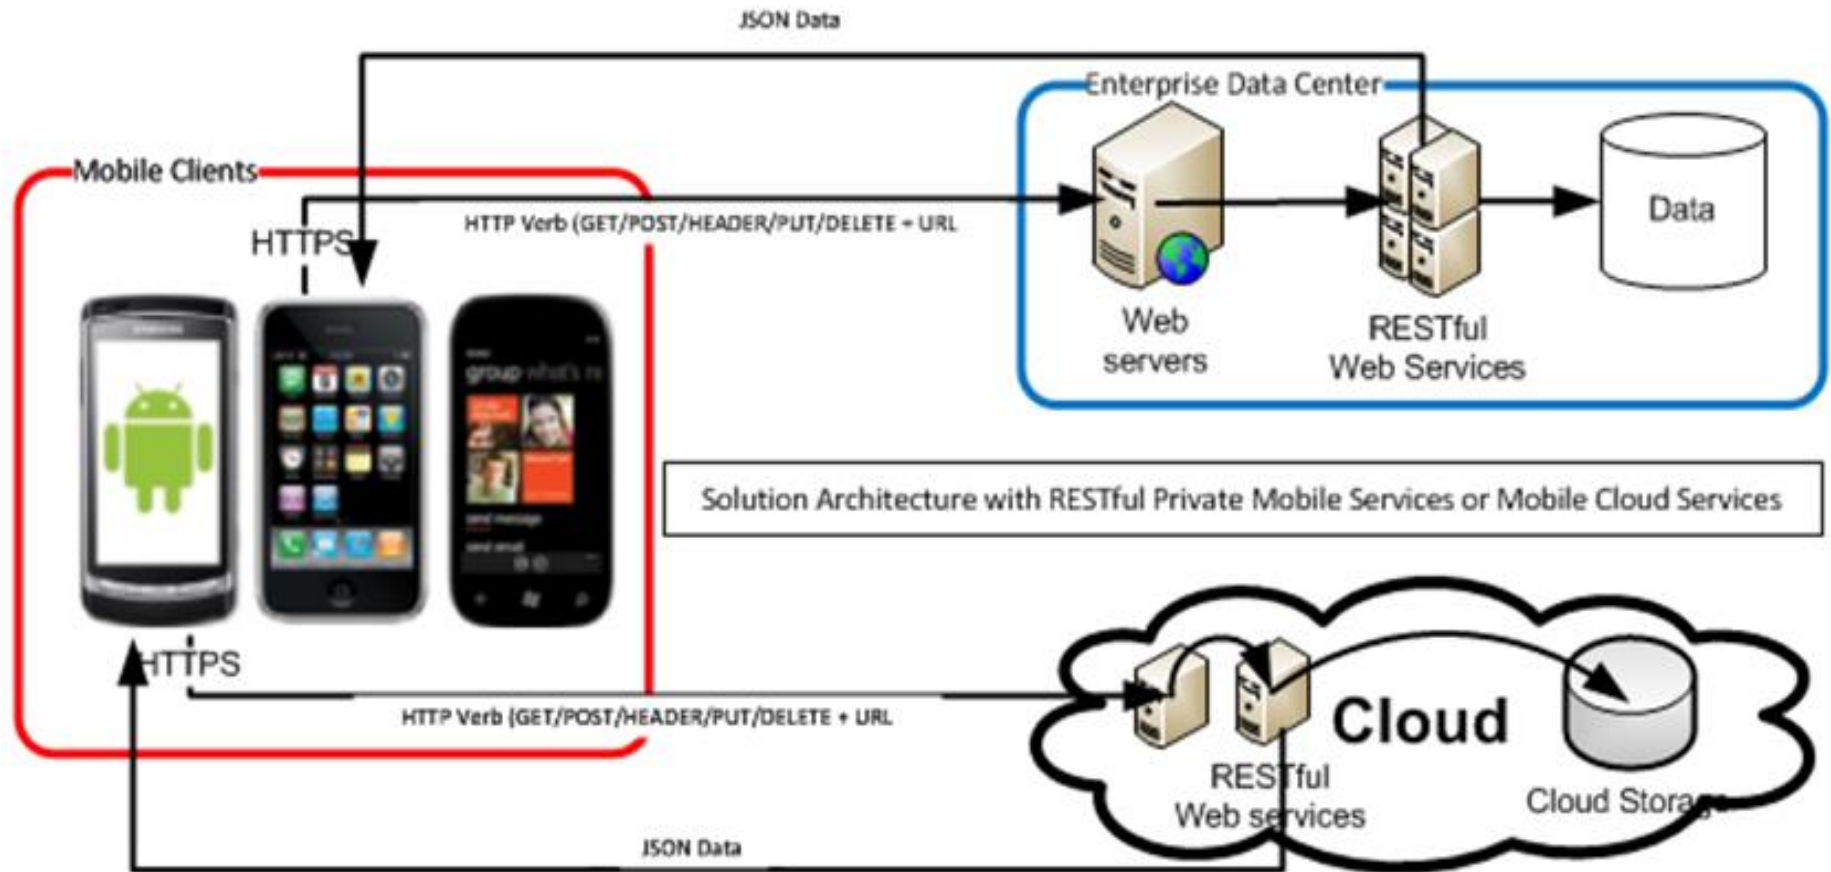

Overview

Need for Mobile App AMS

Benefit of Mobile App AMS

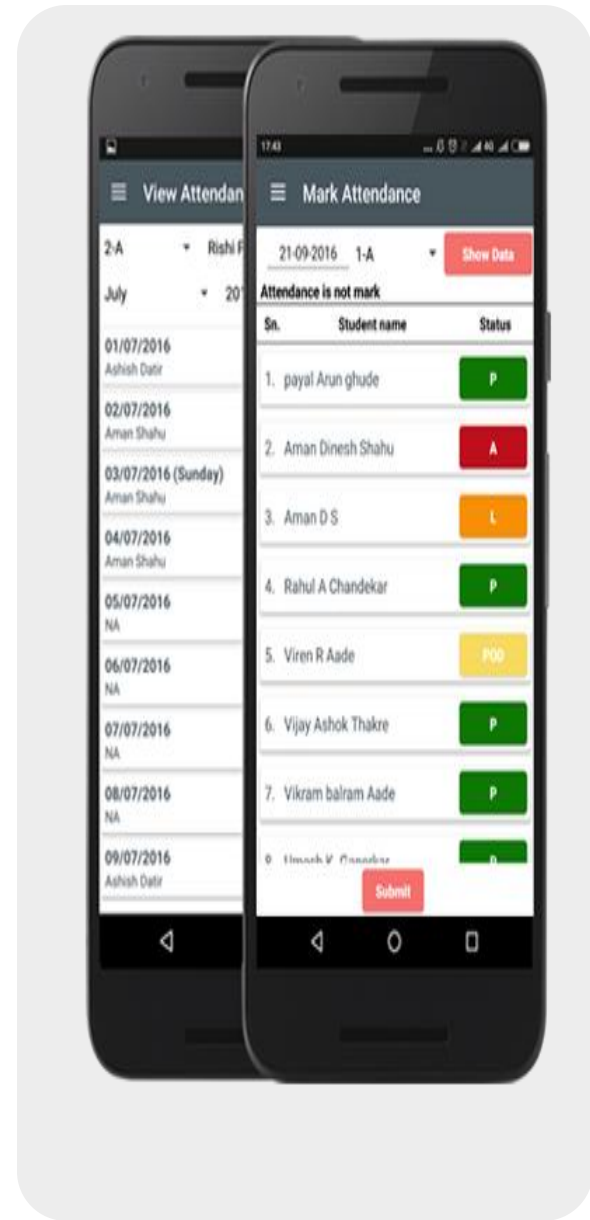

Services and value adds

PRODUCT

The **mobile attendance system** has been built to eliminate the time and effort wasted in taking attendances in schools and colleges. It also greatly reduces the amount of paper resources needed in **Attendance data Management**. This is an android **mobile** app.

- Teacher's will be having an Mobile Application by which they will Mark attendance then SMS will be sent to parents Mobile

Product Overview

Need for Attendance management system

FOR PARENTS:

1. Provide security
2. Quick data recourse in case of emergency
3. It's all about safety in the end
4. Real time track

FOR SCHOOL

1. Identify absent & tardy students
2. Share attendance records with parents
3. Generate daily/weekly/monthly attendance reports for students or staff to set attendance goals
4. Send automatic notifications and alerts to parents
5. Engage students and parents
6. Try out disciplinary interventions to improve attendance
7. Set up reward system to promote positive attendance

Benefit of Attendance management system

1. Reduce paperwork and save time and money.
2. Eliminate duplicate data entry and errors in time and attendance entries.
3. Improve visibility to track and manage student attendance & absenteeism across multiple Campuses. (**Security Feature**)
4. Real-time status tracking of leave requests.
5. Automatic calculation of leave and reward points accrued
6. Easy attendance recording using Mobile Application based attendance system
7. Keep the parents informed about the students' performance via Email & SMS alerts
8. Auto-generate various types of reports of class or student attendance
9. Increased security and confidentiality with role-based permissions to users.

Services and value adds
